## HOW THE LAD MET DEATH

THE KILLING OF FRED ISH IN THE M. K. & T. YARDS ON TUESDAY.

### CIGARETTE CAUSED THE ACCIDENT

With Sack of Coal on Shoulder, He Stopped Over to Get Cigarette, Lost His Balance and Fell Under Wheels.

Lee Moore, the 13-year-old son of Mrs. Alice Moore, living at 527 East Fifth street, and a student at the East Primary school, today explained the manner in which Fred Ish, the 14-year-old son of C. C. Ish, was killed by an M. K. & T. engine in the yards here yesterday forenoon.

Young Moore told a reporter for the Democrat-Sentinel that he attended school yesterday morning, but was excused before dismissal of the school. He started up town, so he says, and met the Ish boy gathering coal.

Moore also began to gather coal, and the two wandered up into the Katy yards, near the round house.

At the spot where the body of Ish was found, Moore says there was lying the stub end of a cigarette.

The Ish boy, who carried a sack half full of coal on his shoulder, stepped the partially smoked cigarette, and stooped to pick it up.

As he did so the weight of the sack of coal was so much that it threw the boy to the ground and on to the track.

Just as the boy fell, so Moore says, the engine struck Fred and ran over him.

Moore was questioned very closely as to which way the engine was running, and positively stated that it was going west, the pilot first.

This statement is positively contradicted by G. P. Letts, foreman of the Katy round house, who questioned Hostler Yunker, who was in charge of the locomotive, immediately after the accident, and who stated that the engine was being run backward.

Mr. Letts further stated that never is an engine run with the pilot first when it is being taken from the sand house to the round house.

Coroner Miller was furnished with the name of the Moore boy, who is expected to give important evidence when the inquest is resumed tomorrow afternoon at 3 o'clock.

The following jurors were selected to make inquiry into the death of Fred Ish, the 14-year-old son of Chris Ish, who was killed by a Katy switch engine Tuesday forenoon:

J. F. Elliott, Elmer H. Smith, T. P. Arnold, William Jolly, Frank Hulland and Edward T. Donohue.

The following witnesses were examined:

L. N. Yunker, hostler; He Fuller, hostler's helper; G. P. Letts, foreman of the Katy's locomotive department, and C. C. Ish, father of the dead boy.

At the conclusion of the evidence Mr. Ish requested Coroner Miller to adjourn the inquest until he could secure further information regarding the accident.

Prosecuting Attorney H. D. Dow, who was present at the inquest, also favored a further investigation and Coroner Miller adjourned the inquest until 3 p. m. tomorrow, when the jury will convene at his office, No. 418 South Ohio street.

The funeral of little Fred Ish was held at 2:30 o'clock this afternoon from the family residence, No. 521 East Third street. After the services the remains were taken to Mt. Hermon cemetery, north of the city, for burial.

## SUSPENS PUBLIC PRINTER

President Temporarily Lets Mr. Stillington Out of Job.

Washington, Feb. 5.—The president today temporarily suspended as public printer Charles A. Stillings and appointed William S. Rossiter to fill the duties of that office. This action, as explained officially, is to facilitate the investigation now being made by the government printing office by congress.

Rossiter is now chief clerk in the census office.

### To Be Colder Tonight.

Generally fair tonight and Thursday; colder tonight and east portion Thursday.

### Franco Retired From Politics.

Lisbon, Feb. 5.—There is no truth in the rumors that were current in Berlin yesterday that an attempt had been made upon the life of ex-Minister of War Franco, of Portugal. He has officially announced his retirement from politics, but his followers will attempt to continue the party he organized.

### Mrs. Johnson Operated Upon.

L. E. Johnson, the Ohio street barber, wrote from Kansas City last night, stating that his wife was successfully operated upon there yesterday morning and that unless unforeseen complications arise she will recover.

## THE STATE FAIR BOARD

IT MET TODAY AT THE OFFICE OF SECRETARY JOHN T. STINSON.

### MANY ADVERTISING MEN ARE HERE

Each Has a Scheme for Advertising the 1908 Exhibition, to Be Held From the 3rd to the 9th of October.

The first meeting of the new Missouri state fair board was held today in the office of Secretary John T. Stinson in the Royal Tribe building this morning.

The following were present: President, Allen M. Thompson, Nashua; vice president, Judge S. W. Hudson, Puckner; E. E. Swink, Farmington; N. H. Gentry, Sedalia; A. T. Nelson, Lebanon; R. A. Young, Altam; J. W. Boles, Auxvasse. Hon. Norman J. Colman, another member of the board is in Chicago and unable to attend.

A. P. Reed was re-elected custodian of the fair grounds.

Almost the entire morning session was devoted to hearing different schemes for the proper advertising of the next state fair, Oct. 3-9, 1908. Representatives of twelve different advertising firms were present and explained their respective schemes for advertising the 1908 exhibition.

At this afternoon's session of the board, a number of bills were allowed, that being the only business transacted up to the time the Democrat-Sentinel went to press.

Tonight there will be a meeting of the advertising committee at Mr. Stinson's office.

## COUNTY COURT DOINGS

Two New Roads Ordered Opened—Rearranging Road Districts.

At today's session of the Pettis county court, the petition of W. O. Powell and others for a road was granted and the road was ordered opened within ninety days.

The petition of Mr. Daniels and others for a road also was heard and granted and the road ordered opened within ninety days.

The C. O. Green road case was continued until the March term.

The court at this afternoon's session is engaged in redistricting the different road districts and later road overseers will be appointed.

The court appointed John A. Mitchum justice of the peace of Dresden township, vice Walter Fowler, resigned.

The court contracted with the Midland Bridge company, of Kansas City, for the erection of the Oglesby bridge, west of Stockley; for the McCure bridge and Rankin bridge, both in Houstonia township; for repairs on the Abell bridge on Flat Creek, southeast of Sedalia, and for the erection of the bridge over Walnut creek in Flat Creek township.

At the time the Democrat-Sentinel went to press the court is considering the granting of a saloon license.

### Alleged Theft of a Coat.

William Ryan and James Sheehan were arrested by Officers Card and Thompson today, charged with stealing an overcoat from a negro on East Main street. They will be tried tomorrow.

### A Fire at Caspar Esser's.

A burning flue at the home of Caspar Esser, 1209 South Harrison avenue, at 9 o'clock this morning, called the fire department, but there was no damage.

## HARRY E. STONE IS DEAD

DIED OF ERYSIPELAS AT HIS HOME IN LAMONTE EARLY THIS MORNING.

### WAS VETERAN OF THE CIVIL WAR

Been Married Twice and Leaves Seven Children By His First Wife—Funeral at Baptist Church Thursday.

Harry E. Stone, a veteran of the civil war, he having served in the Ninth regiment of Missouri volunteers in the federal army, died at his home in Lamonte at 2:10 o'clock this morning, after having been bedfast a week, of erysipelas, aged 68 years.

Mr. Stone was born in Logan county, Virginia, January 27, 1840, and came to Missouri when only eight years of age. He first settled in Cooper county, near Pilot Grove, and later removed to Pettis county.

February 9, 1869, Mr. Stone was married in Henry county to Miss Ardel Cartner, who died twelve years ago. Seven children, all of whom are living, were born of the union, as follows:

Mrs. J. T. Craighead and Sallie Dix, both of Lamonte; John Stone, of Trenton, Mo.; William Stone, living near Nelson, Mo.; Mrs. Kate Fuller, of Paonia, Colo.; Harry Stone, of Speed, Mo.

Mr. Stone was married the second time some five years ago to Miss Ethel Harris, of Lamonte, Mo., who survives him. No children were born of the second union.

Mr. Stone was a member of the Baptist church of Lamonte, and the burial service will be conducted there at 1 o'clock Thursday afternoon.

## THE ELKS' RECEPTION

Ladies' Night, as Usual, Was a Distinct Success.

Last night was ladies' night at the Elks' club and in spite of weather conditions, which almost demanded that people remain indoors, there was a good attendance. A very delightful evening was spent, a musical and literary program, cards, dancing and refreshments all adding to the pleasure of the guests.

Judge D. E. Kennedy, in the absence of Exalted Ruler Combs, presided during the entertainment hour and the musical program, under the direction of Mrs. Steele, was a splendid one.

A brief address of welcome in behalf of the order was extended by George H. Scruton, which was followed by a piano solo by Miss Davis, of New York; vocal solos by Misses Carman, Farley and Lynn Gold and Mrs. J. M. Johannes and Mr. C. C. Lawson, closing with several musical specialties, both voice and instrumental by Mr. Barker.

Judge Kennedy was a graceful, witty and dignified presiding officer and made many friends among the ladies by his complimentary references to them and by the recitation of a beautiful composition regarding them, which he claimed was from the pen of Mr. Lawson.

It was a late hour when the guests departed, after one of the most enjoyable evenings of the season.

## A SERIES OF LECTURES

First of Three at Sacred Heart Hall February 12.

The series of lectures at Sacred Heart hall will be opened next Wednesday evening by Rev. J. W. Gormley, of Garnett, Kansas. Father Gormley is of Irish lineage and is an interesting and pleasant speaker. His subject is "Home and Government." Father Gormley lectured lately at Seneca, Kansas, and was thus written of in the Seneca Democrat:

"Father Gormley fully sustains his reputation as an orator. He is eloquent and forceful in delivery, has splendid imaginative faculties, a deep fund of knowledge and a choice command of the English language, the latter enriched with just a delightful accent of his mother tongue.

"In his lecture he dwells on the beauty of the Christian home and strikes decided blows at the root of everything which endangers the stability of that holy institution and placing the nation in peril."

### Prizes Are on Exhibition.

Six beautiful prizes that are to be awarded at the benefit euchre to be given by the Catholic ladies of the city at the Eagles' hall Friday night, for the benefit of the poor, were placed on exhibition this afternoon in the show windows at H. W. Meuschke's dry goods store. The sale of tickets to date is large, and the indications are that one of the largest crowds of the season will be at the euchre.

### Al Shortridge Is Ill.

Attorney A. L. Shortridge is bedfast at his home with la grippe, having been taken ill yesterday. He is not so well today.

## COLDWAVE IS UNIVERSAL

THE ZERO WEATHER EXTENDS TO ALL PARTS OF THE COUNTRY.

### EAST AND WEST ALIKE AFFECTED

In New York Mercury Dropped Suddenly to 45 Degrees Below—There Is Much Suffering Among the Poor.

Telluride, Colo., Feb. 5.—This first heavy snowfall of the winter in San Juan county has been followed by snowdrifts in the vicinity of Telluride in which eight men narrowly escaped death. They were buried, but rescuers speedily dug them out. All the railroads are blocked and telegraph and telephone service is crippled.

Ballston, N. Y., Feb. 5.—A new cold weather record for this section of the state was made today when the mercury dropped to 45 degrees below zero. There is great suffering among the poor.

Philadelphia, Feb. 5.—The thermometer reached five degrees above zero here today, the coldest in five years.

Kansas City, Feb. 5.—In Kansas City, Kas., today the heavy wind blew down the brick wall of a livery stable which was recently destroyed by fire, and the wall in falling demolished a dwelling adjoining occupied by Mrs. William Teepen, aged 35, and four young children. Mrs. Teepen was seriously hurt, but will recover. The children were slightly injured.

Lincoln, Neb., Feb. 5.—High winds and sleet seriously crippled telegraph and telephone service in South and Southeastern Nebraska today. All passenger trains are belated and mails delayed.

Boston, Feb. 5.—The cold wave throughout New England continued today with a lower temperature than has been recorded this year.

## HOW KILLING WAS DONE

Rehearsal of Tragedy Was Given in McDonald Trial Today.

Chicago, Feb. 5.—A realistic representation of the shooting of Webster S. Guerin, according to the theory of the defense, was enacted in the court room today at the trial of Mrs. McDonald. The attorney for the prisoner was endeavoring to prove that during the struggle between Guerin and the woman she turned the revolver against him and that he pulled the trigger, firing the shot into his own chest and causing his almost instant death.

## NEWSPAPER MAN DEAD

Shepherd Knapp, Once at Head of St. Louis Republic, Passes Away.

St. Louis, Feb. 5.—Shepherd Knapp, aged sixty-two years, died here today of kidney trouble. Mr. Knapp was the eldest son of the late Col. Geo. Knapp and at one time was at the head of the company that owned and published the Missouri Republican, now the St. Louis Republic. He retired from connection with the paper twenty years ago.

### Sent to the Reform School.

In the Pettis county circuit court today, Hugh Hutson, alias Hugh Carroll, pleaded guilty to carrying a concealed weapon, and was sentenced to four years in the state reform school at Booneville.

## "WETS" GET BROOKFIELD

IT IS THE ONLY "OASIS" TO BE FOUND IN ENTIRE COUNTRY OF LINN.

### SALOONS WIN AT WELLSVILLE

At Richmond, However, Local Option Had a Majority of 161—Audrain County is to Vote on February 14th.

Brookfield, Mo., Feb. 5.—Brookfield went "wet" yesterday at the local option election by a majority of 104. The campaign had been waged vigorously by the Anti-Saloon league and the opponents of local option for several weeks. The city has not been "dry" for twenty years.

About one-half of the population of Brookfield comprises employees of the Burlington railroad and their families. The majority of the railroad men are said to have voted to retain the saloons, of which there are four. Linn county, in which Brookfield is located, went "dry" six weeks ago.

### Saloons Win at Wellsville.

Danville, Mo., Feb. 5.—The saloon-keepers yesterday won the contest between the churches and the saloons of Wellsville, which was heard by the county court at Danville.

As Wellsville is a town of less than 2,000 inhabitants it was necessary for the saloons to have petitions containing a majority of all the tax-paying citizens of the town.

Church members alleged that there were forty-two illegal petitions and asked that they be stricken off. After hearing the evidence and going over each name the court decided late yesterday afternoon, that the petitions were legal and granted the licenses. The temperance element is preparing for a county contest.

### Richmond Votes to Close.

Richmond, Mo., Feb. 5.—Richmond went dry at the local option election yesterday by a majority of 161 votes. The vote, 501 for local option and 325 against, was the largest ever polled here. Ray county votes on the local question Friday.

### Gov. Noel Wants "Dry State."

Jackson, Miss., Feb. 5.—Governor Noel yesterday sent a message to both houses of the legislature recommending that laws be enacted to prohibit speculation in futures and to close bucket shops; that saloons be voted out of existence at the earliest possible moment, and an amendment for constitutional prohibition be submitted to the people.

### Audrain to Vote February 14.

Mexico, Mo., Feb. 5.—The Anti-Saloon league of Audrain county yesterday presented a petition, consisting of 1,047 names, asking that a local option election be held in Audrain county, outside of Mexico. The court fixed March 14 as the day for this election.

### Mayor Threatens to Resign.

Mattoon, Ill., Feb. 5.—If local option carries in Mattoon township at the coming spring election, Mayor Lewis L. Lehman will resign, according to a statement which he has just made public.

He declares that the loss of \$20,000 a year revenue for fire protection, lights, and an increase of the police protection of the city would be out of the question.

Mayor Lehman is president of the First National bank of Mattoon and was elected last spring for a term of two years.

### Reopened Saloon Case.

Kansas City, Feb. 5.—J. B. Journey, one of the attorneys for J. B. Rudert, appeared before the county court yesterday and filed a motion for the reopening of the Rudert saloon case which has been before that body twice in the last thirty days.

The court will hear the arguments today.

### Wed by Judge Leaming.

Mr. George T. Duncan and Miss Mary Ella Heitzman, both of Marshall, were married by Judge R. G. Leaming at his office at 1:30 o'clock p. m. Wednesday, February 5, 1908. The bridal couple are guests at Hotel Huckins, and will remain here a couple of days, after which they will return to Marshall.

### A Fire in a Store.

While passing Dolph's grocery store, at the northeast corner of Fifth and Engineer avenue, late last night, Police Officer Farmer discovered a burning lamp, which seemed to be giving evidence of starting a fire in the store.

The officer broke a window pane and entered the place, extinguishing the light and perhaps saving the store from destruction by fire.

### John McGaw Injured.

J. S. McGaw, a postman, fell on a flight of steps on West Seventh street yesterday, while in the performance of his duties, and sustained a laceration over his left eye. He is still at work.

## MARRIAGE IS ANNULLED

EARL OF YARMOUTH LOSES HIS WIFE, WHO WAS MISS ALICE THAW.

### EVIDENCE IN CASE IS SUPPRESSED

Decree Is Not a Divorce, but Is an Order of Court Declaring That the Marriage Is Absolutely Null and Void.

London, Feb. 5.—Sir Birrell Barnes, president of the divorce court, today granted the Countess of Yarmouth who was Miss Alice Thaw, of Pittsburgh, a decree nullifying her marriage to the Earl of Yarmouth.

All the papers in the case are being kept secret, and all information regarding the nature of the charges against the earl are carefully withheld. The statement is made, however, that the character of the medical evidence made a public hearing inadvisable.

The case was heard in private, and everyone not actually engaged in the trial was excluded from the court room during the hearing.

The case was practically ended by the earl and lasted only a half hour. The countess was present, but the earl was not in court.

## "UNCLE SAM" MUST PAY

For Hauling Mail From Postoffice to Missouri Pacific Depot.

The Missouri Pacific railway has taken advantage of the United States government, and is closing the east entrance to the company's baggage room in this city, whereby they will realize a profit of some \$1,200 annually.

According to the contract between the government and railroads for carrying mails to and from the post-office, the railroads are to pay for carrying the mail, provide the distance from the postoffice to the delivery point at the railroad station is a certain number of feet. If the distance exceeds that number of feet the government is to pay for carrying the mail.

At present the distance to the east door of the Missouri Pacific baggage room, where the mail is delivered, is five feet in favor of the government, consequently the railroad has to pay for the hauling.

Now the Missouri Pacific is removing the doors and cementing the east wall, so that the mail will have to be hauled to the south entrance, making the distance longer and requiring the government to pay for the hauling.

## CUT OFF THE TELEGRAPH

Sleet Storm of Last Night Had Bad Effect on the Wires.

Chicago, Ill., Feb. 5.—The sleet storm during last night, which turned to rain early today, seriously affected all telegraphic communications between Chicago and many outside cities, especially in the west.

St. Louis, Omaha and Kansas City were entirely cut off from the east during the early hours by the sleet storm which surrounded St. Louis and extended into Iowa.

### Col. "Tom" Is Out Again.

Col. Thomas O'Bannon, the hustling country solicitor for the Morning Capital, is again able to be up town, after a week's confinement to his home, suffering from la grippe. He has been under the care of Dr. Cowan, and soon will be mingling with his country friends again.

## MACHINE FROM SEDALIA

INVENTION OF MR. F. H. BRINKHOFF AT THE NATIONAL CAPITAL.

### TEST BY POSTOFFICE DEPARTMENT

The Local Postal Vending Machine, Together With Score of Others, Being Given a Trial By "Uncle Sam."

Washington, Feb. 5.—F. H. Brinkhoff, an inventor of Sedalia, Mo., is here trying to persuade the postoffice department to favorably consider his stamp-vending machine.

He says this machine is almost human, and has decided human tendencies and inclinations, because it makes a profit of 1 cent on every transaction.

The machine, with twenty-five others, is now being inspected by a special committee appointed by the postmaster general.

It does fifty different things, such as selling postage stamps in any sum desired, making the proper change, weighing and counting money, discarding spurious or defective or foreign coins, and about everything else that could possibly arise in a business transaction of this nature.

If you want money changed, and do not desire to purchase stamps, this machine will gladly accommodate you, but it charges 1 cent for the favor, which it consistently deducts from the amount placed in the slot.

## CIRCUIT COURT ENTRIES

Judgment in a Number of Missouri Pacific Shop Cases.

J. L. Babcock today obtained judgment for different amounts in the Pettis county circuit court against the following for failure to pay their subscription contract to the Missouri Pacific shop fund:

John M. Glenn, \$117.40; J. W. Marsh, \$596.50; J. B. Quigley, \$1195; H. E. Huston, \$234.80; Ellis R. Smith, \$352.20; C. F. Walsh, \$117.40; S. C. Fuller, \$117.40; Lawrence Glaser, \$234.80; O. F. Harris, \$117.40; Adam Fischer, \$117.40; W. J. Sears, \$58.70. The suit against S. C. Gold on the same ground was continued generally.

Each judgment includes interest at 6 per cent.

Other entries in court are as follows:

Amos R. Clark vs. William Ealler, damages; dismissed for want of prosecution.

State ex rel Enterprise Milling Co. vs. Edward F. Brown, receiver, et al, suit on attachment bond; Judge Hoffman being interested he declined to sit.

Chicago House Wrecking Co. vs. T. H. Wendleton, cause dismissed at cost of defendant.

Buffalo Cold Storage Co. vs. W. T. Hutchinson, garnishee of Priebe Simater Co., dropped from docket without prejudice.

Buffalo Cold Storage Co. vs. W. H. Powell, garnishee of Priebe Simater Co.; dropped from docket without prejudice.

E. M. Shields vs. John Frederick Chambers, to correct deed; decree for plaintiff.

E. M. Shields vs. Harriett S. Abbey et al, to correct deed; decree for plaintiff.

Rosa Mae Thompson vs. W. J. Thompson, divorce; interlocutory judgment by default.

Edgar F. Leftwich vs. Ellis W. Leftwich, et al, petition filed and summons ordered issued to Pettis county.

### Cannot See Saxton at Present.

Chief of Police Boult received a letter from the Kansas City chief of police today, asking if it is possible for him to personally see Thomas Saxton, the negro, who is laid up at the city hospital with both feet amputated.

Saxton is thought to have murdered Patrolman Fuller at Kansas City last December, hence the eagerness of Chief Ahern to view the prisoner.

For the time being it will be impossible for any outsiders to enter Saxton's room.

## AN EXAMPLE OF CIVIC INDIFFERENCE.

A few days since this paper had oc-  
casion to refer to an open well on the  
lot fronting on Ohio street and im-  
mediately north of the home of Mr.  
D. H. Smith. Mention was also made  
of the disgustingly unkept condition  
of the premises. After the publica-  
tion some one, without giving any  
name, phoned the Democrat-Sentinel  
that he, she or it owned the lot re-  
ferred to, and stated that the well in  
question had been properly covered  
at one time, and that if this paper  
wanted flower beds made on that  
particular lot to go ahead and make  
them, but that he, she or it would  
clean the lot only whenever they re-  
quired the use of the premises.

It is just such people as this lot  
owner that are a positive drag and  
hindrance to any community. They  
are perfectly willing to reap all the  
benefits accruing from living in a  
live town like Sedalia, but are not  
disposed themselves to expend a single  
penny or put themselves to the slight-  
est trouble for the betterment  
of the town that they call home, and  
are totally lacking in civic pride. A  
good stiff fine by our police court for  
maintaining a nuisance might imbue  
them with a certain amount of re-  
spect for the rights of the public. The  
attention of Mayor Collins is respect-  
fully called to the dangerous con-  
dition of this well and to the unsightly  
state of the entire premises.

## PURITY AND PATRONAGE.

The president is not using his pa-  
tronage in the interest of Taft. He  
says so himself. Anyone who says  
he is a liar, he also, says that him-  
self. It is true that four men who had  
been supporting Foraker in Ohio  
flopped to Taft and were promptly  
nominated to be postmasters, but if  
any man says the president is using  
his patronage in Taft's interest he is  
an undesirable citizen, a poltroon  
and a traitor. Six federal office hold-  
ers are on the New York county  
committee, and they supported Con-  
gressmen Parsons and Bennett in  
opposing a resolution for the en-  
dorsement of Hughes; but if any  
man says the president is using the  
power of patronage against the Gov-  
ernor he is scurrilous, vain, vindic-  
tive, disloyal, and other things, too  
numerous to mention.

At present the president is only  
saying these things privately to peo-  
ple who can be depended on to leave  
them around in the vicinity of News-  
paper Row. But the tide of presiden-  
tial wrath is rising rapidly and it is  
intimated that if a few more persons  
repeat the story that patronage is  
being used in the interest of Taft the  
clam will give way and a desolating  
storm of presidential vituperation will

burst forth and flow down the valley,  
overwhelming the miscreants.

By way of refutation, it is pointed  
out that a prominent federal official  
in Indiana is heartily supporting the  
Fairbanks boom. Why not? No one  
supposes Mr. Fairbanks can be nomi-  
nated; Illinois, Wisconsin and Iowa  
are going to have favorite sons in  
the field, and the more there are of  
them the easier it is for Taft to win.  
But Taft has got to have the Ohio  
delegation and Hughes must not  
have the New York delegation. That  
is plain enough. That is where the  
federal office holders are working for  
Taft.

An Indiana delegation for Fair-  
banks will aid very much in offset-  
ting the influence of an Illinois de-  
legation for Cannon. It wouldn't do to  
have the thing too unanimous, any-  
way.

## POLITICAL IMPROPRIETY.

William R. Hearst in his letter to  
his western manager of the independ-  
ence league, says:

"It seems to me that the new party  
movement should not be a new  
party movement for long. I mean by  
that, that if it is properly directed  
it will soon supplant one of the old  
parties."

Mr. Hearst is still president of the  
National Association of Democratic  
clubs, and yet is using all his en-  
ergies and supporting in his papers the  
building up of his new party. His  
resignation as the head of the demo-  
cratic clubs should at once be offered  
to the chairman of the democratic  
national committee. To do otherwise  
is an act of great political improp-  
riety and lays him open to the charge  
of perjury.

As the campaign for president is  
about to open we see the extraordi-  
nary spectacle of one of the chief or-  
ganizations of the party in the hands  
of a man who is trying to supplant  
the democratic party and who may be  
a candidate opposing the demo-  
cratic candidate.

## THE TARIFF ISSUE ABRACAD.

Prof. Burgess, the American lec-  
turer at the Berlin university, has  
made Ambassador Tower furious by  
declaring in a lecture at which the  
kaiser was present that America's  
high protective tariff was superan-  
tated and ought to be abolished.

When it is considered that Mr.  
Tower was president of the Duluth  
and Iron Range railroad, and man-  
aging director of the Minnesota Iron  
Co., which are controlled by the  
steel trust, his antipathy towards any  
thing squinting of tariff reform is not  
extraordinary. The wonder is that  
the American people support an ad-  
ministration that selects such trust  
agents to represent this country in  
Germany, or elsewhere.

## POLITICS AND PANICS.

The republican politicians will for-  
get and overlook the recent panic, if  
they can. The coming republican na-  
tional convention will endorse Mr.  
Roosevelt and all his doings; it will  
indorse republican policies, and point  
with pride to the prosperity of the  
trusts and corporations as one of the  
most conspicuous merits of republi-  
can ascendancy. But still the glar-  
ing fact will have to be explained by  
our republican friends why the panic  
occurred under republican policies,  
with all departments of the govern-  
ment under their full control for the  
past ten years. What assurance can  
the republican party offer that fur-  
ther panics will not follow if they are  
again entrusted with power? And  
with what face can they again de-  
clare that republican policies are  
"panic proof?"

The parade of the army of the un-  
employed is a pitiful thing when one  
looks at it in the right light. While  
the men who make up the line are in  
part common laborers who are usu-  
ally out of work at this season of  
the year, yet there are large numbers  
of men who have families dependent  
on them, who honestly try to care  
for them in the proper manner. The  
average laborer, earning \$2 per day,  
and in many cases less, and em-  
ployed not more than half the time,  
is not able to get much ahead. Econo-  
mists may theorize, visionaries may  
suggest, and business men may show  
with pencil and paper demonstra-  
tions of just how a man should live  
and save something for a rainy day,  
but the fact remains that to keep  
the current bills paid the average  
working-man has to trust to finding  
somebody's discarded umbrella when  
the proverbial rainy day arrives and  
take his chance.

## A SKATING TOURNAMENT

Diamond Medals and Cash Prizes to  
Be Awarded.

St. Louis, Mo., Feb. 5.—Entries  
closed today for the world's cham-  
pionship roller skating races to be  
held at the Jai Alai rink, beginning  
Monday and lasting until February  
29. Cash prizes aggregating \$1,000  
and several gold and diamond medals  
will be awarded. The contest will be  
at a distance of one, two and three  
miles.

Last year a series of bona fide  
world's championship roller skating  
races were held at the Jai Alai. The  
best men from all over the country  
came to St. Louis, including Harley  
Davidson from Los Angeles, and oth-  
ers from New York and Philadelphia.

After the final race \$1,000 in money  
was distributed among the winners  
on the floor. The races proved excit-  
ing and the average attendance dur-  
ing the final week averaged close to  
3,000 persons each night.

woman as a bread maker; "Pride of  
Perry" is both.

## THE 1908 COTTON CROP

PEOPLE DOWN IN DIXIE ARE IN  
ATLANTA, GA., DISCUSSING  
FLEECY STAPLE.

## THE REGULAR ANNUAL CONVENTION

One of the Principal Objects is to  
Maintain the Price of the Pro-  
duct—Met With Success  
in the Past.

Atlanta, Ga., Feb. 5.—In all the  
state capitals of Dixie the hosts of  
cotton are meeting today to discuss  
plans for marketing and handling the  
crop of the fleecy staple in 1908.

The sessions are the regular an-  
nual conventions of the state divi-  
sions of the Southern Cotton associa-  
tion, an organization composed of the  
leading cotton planters of the south.  
State officers will be elected at each  
of the various meetings and pro-  
grams mapped out for pressing for-  
ward the work of the association.

The session of the national execu-  
tive committee and the general con-  
vention of the association will be  
held in Dallas, Texas, later in the  
month, and delegates will be elected  
from each cotton state at today's  
meetings.

The primary object of the South-  
ern Cotton association is maintaining  
the price of cotton, and in this pur-  
pose, with the assistance of the Farm-  
ers' union, it has been remarkably  
successful.

Since the association was organ-  
ized cotton has steadily gained in  
price and the two organizations of  
cotton planters have become economi-  
cally the most influential agricultural  
bodies in the world.

## ANOTHER GOOD MEETING

Evangelist Williams Spoke Last  
Night on "Our Attorney."

The rain and ice did not cool the  
ardor of many who have been attend-  
ing the revival at the First M. E.  
church, as there was a good congrega-  
tion at the service last night. The  
people seem to delight to hear the  
Grunner preach and Mr. Montgomery  
sing.

At the close of the address the  
altar and front of the church was  
crowded by those who desired to put  
all into the hands of the crucified one.

Mr. Williams took for his subject,  
"Our Attorney."

Evangelist Williams certainly knows  
how to "deliver the goods" and all  
who heard him will want to hear him  
again. All others are invited to hear  
him tonight on "Trimming Up or Get-  
ting Ready." In the sermon Mr. Wil-  
liams will tell five or ten minutes of  
his experience in the San Francisco  
quake and fire.

Mr. Williams' style of address is  
frank, straight from the shoulder and  
convincing, and it was with the most  
intense interest that his audience  
listened to every word of his lecture.  
He speaks with tremendous force and  
earnestness, and his audience scarce-  
ly realize the length of time he  
speaks.

His message shows a deep insight  
in the word of God. Striking origi-  
nality and thrilling eloquence further  
his arrows which hit with tremendous  
force. He can smooth and mellow  
the heart until the listener can almost  
hear heavenly melodies, and he can  
sweep on clothed with thunder of  
battle, making the men quake with  
fear of impending doom.

Mrs. Williams led the meeting yes-  
terday afternoon at 2:30. She gave  
an exposition of the 23d Psalm. The  
people are delighted to hear Mrs.  
Williams.

At 9 a. m. today Messrs. Williams  
and Montgomery by invitation attend-  
ed South college and gave the students  
a sample of the Gospel and song.

He said he was licked out of school  
and licked in and missed a whole lot  
of lickings he ought to have had.  
Education is what you pull out of a  
person, not what you put in. So  
when a boy they first pulled A out of  
him, then they pulled a B out. They  
put C-A-T together and pulled a C-A-  
out of him. You don't get an educa-  
tion and, like the diploma, frame it

in a day. When we find out we don't  
know, is when we are in the best  
state of mind to know.

They also spoke at Hill's Business  
college at 1:30 p. m. today. There  
is a possibility of Mr. Montgomery  
and Williams and their wives joining  
forces for their next fall and winter  
campaign. If they do, they will sur-  
ely make the big four.

The subject tonight will be "The  
Last Invitation."

## GLIDDEN ON LONG TOUR

HAS TRAVELED 43,000 MILES IN  
NO FEWER THAN 35  
COUNTRIES.

## IS A FAMOUS AUTOMOBILE TOURIST

Before Completing His Tour in 1911  
He Expects to Cover 50,000  
Miles, Covering Fifty Dif-  
ferent Countries.

Alexandria, Egypt, Feb. 5.—Charles  
J. Glidden, America's famous auto-  
mobile tourist, accompanied by his  
wife, set forth today from Alexandria  
on a motor car tour of Egypt and  
Syria that will cover about 2,500  
miles. The course will include a con-  
siderable trip over the desert.

Thus far Mr. Glidden has traveled  
about 43,000 miles in thirty-five coun-  
tries. Before completing his tour in  
1911 it is his desire to cover 50,000  
miles in fifty countries. He will re-  
turn to America, after the present  
trip, by June 1.

The famous tourist is now greatly  
interested in ballooning, and has or-  
dered a balloon built in Paris of  
about 38,000 cubic feet. He expects,  
within the next few years, to repro-  
duce his motoring feats by trips in  
the air over every country of the  
globe where it is possible to secure  
sufficient gas to inflate a balloon.

## MAYOR BUSSE OFFERS SKIN

Chicago's Chief Executive Is Willing  
to Go on Operating Table.

Chicago, Feb. 5.—Mayor Busse has  
offered to go on the operating table  
and sacrifice some of his cuticle in  
order to aid the recovery of Robert  
Eitel, a friend who was severely in-  
jured in a street car accident several  
weeks ago.

Physicians have declared that  
twenty square inches of cuticle must  
be grafted onto the left leg of Eitel  
or that part below the knee must be  
amputated.

Eitel is a member of the Eitel fam-  
ily that own the Bismark hotel, where  
Mayor Busse and his close friends  
dine daily, and is a member of the  
bowling club formed by the mayor's  
secretary.

Six members of this club will give  
six pieces of cuticle at the operation  
today.

## HADLEY ILL; MAY GO SOUTH

Unless Weather Moderates, Will  
Travel for Health.

Jefferson City, Feb. 5.—Attorney  
General Hadley, who has been suffer-  
ing from a severe cold for several  
days, and has been unable to be at  
his office, is considering a trip south  
unless there is an improvement in  
weather conditions.

While his condition is not consid-  
ered serious, his physicians have ad-  
vised him to be careful about his  
health, fearing a return of the severe  
attack of pleurisy, from which he  
suffered for several months two years  
ago.

It is very important and in fact it  
is absolutely necessary to health that  
we give relief to the stomach prompt-

ed; it is doing too much work and it  
is demanding help from you. Take

## LIVE STOCK IN CANADA

THIS IS ONE OF THE GREATEST INDUSTRIES IN THE DOMINION.

SESSION WILL LAST THREE DAYS

One of the Principal Subjects Will Be the Advisability of Amending Regulations Concerning Pure Bred Stock.

Ottawa, Ont., Feb. 5.—Delegates representative of one of the dominion's greatest industries, that of live stock raising, assembled today from every province of Canada for the opening session of the National Live Stock association.

The sessions will continue through tomorrow and Friday and will doubtless be the most important in the history of the association.

A number of subjects will be dealt with, but it is likely that the principal discussion will be on the advisability of amending the regulations governing the admission to Canada of pure bred stock.

It is also proposed to take up and discuss the best means of retaining for Canadian breeders the Canadian market for pure bred stock, and it is probable that a number of specially prepared papers on this subject will be submitted.

The future of the export trade in pure bred stock will also be discussed, while it is expected that considerable light will be thrown on the export trade in cattle and sheep for meats and meat food products.

The relationship of transportation companies to the live stock industry will be dealt with by foremost authorities.

The health of Canada live stock, proposed amendments of customs regulations and the Scottish premium system of hiring stallions will all be considered with a view to improving the present conditions in Canada in regard to these matters.

## TO GROW CORK TREES

Be Propagated From Acorns Received From Spain.

San Francisco, Feb. 5.—America may some day grow its own cork trees, if experiments now being conducted at the National Plant Introduction garden at Chico, Cal., are successful. Fifteen thousand cork oaks are now being propagated from acorns received from Spain. This is the first attempt to introduce the cork oak into America for commercial purposes.

The cork oak, from the bark of which corks are manufactured, is of Spanish origin and is the basis of an important industry in Spain. About twenty years is required for the tree to reach the commercially valuable stage, when the outer bark is removed. The trees continue to thrive, however, and yield an annual crop of bark.

## FOUND TRUE REMEDY

W. E. Bard Drug Co. Sure Mi-na Will Cure Indigestion.

In no other way can you so quickly, so readily and so positively stimulate the stomach to good health as by using Mi-na. The W. E. Bard Drug Co. feel so sure that this remedy will restore health to every person suffering with stomach troubles that they sell it under a guarantee to refund the money unless it cures. This shows conclusively its superiority over the ordinary old-fashioned digestives.

The underlying cause of most nervous debility, headaches, sleeplessness and melancholy is faulty nutrition. The result of a weakened stomach and inactive bowels. Mi-na strengthens the stomach muscles, regulates the bowels and thus makes digestion easy and natural.

A 50-cent box of Mi-na lasts a couple of weeks, and will ward off a dozen attacks of indigestion and bring good health to the weakest stomach.

## MADE \$7,000 PICKING POCKETS

A Business Card Many Times Saved Louis Wolf.

New York, Feb. 5.—Louis Wolf, the well to do Brooklyn manufacturer by day and pickpocket at night, made a complete confession yesterday.

Wolf declared that he made \$7,000 a year by picking pockets on the cars during the rush hours of the evening, and that, whenever he was suspected he was always able to escape arrest by flashing his business card on policemen and his victims.

He acknowledged that he had been arrested in St. Louis for pocket picking.

## LEMP TO SEE HIS CHILD

BREWER'S DIVORCED WIFE REFUSES HIM PERMISSION TO EAT WITH SON.

CASE WAS SETTLED OUT OF COURT

Contesting Pair Remained Near the Court House in St. Louis While the Attorneys Arranged a Settlement.

St. Louis, Feb. 5.—The habeas corpus proceedings of William J. Lemp, jr., against his wife for the possession of their 7-year-old son, William J. Lemp, III., was settled yesterday out of court.

The father will be permitted to see his son once a week, morning and afternoon, in the office at the Lemp Brewing company, across the street from the mansion in which lives the wife from whom he is separated.

A maid will take the child to the father's office and call for him. The boy will not be allowed to take his meals with his father, even on the days he visits him, but must be returned to the wife's home, so that he may take his meals with her. No fixed day of the week is named as the husband's day.

The husband's suit was dismissed yesterday afternoon after a series of conferences between the attorneys representing husband and wife.

The husband and wife did not meet for a single moment while the negotiations were in progress and the dismissal of the husband's suit in no way indicates a reconciliation.

Mrs. Lemp and the child were down town so as to be within instant telephone call, should a failure of the negotiations necessitate her appearance in court with the child.

The husband was also down town within reach of his attorneys. Neither of the principals nor the child appeared at the court house.

The husband's petition was set for preliminary hearing at 10:30 a. m. in the St. Louis court of appeals. At that hour the attorneys—Daniel Dillon, representing the wife, and F. W. Lehmann, representing the husband—saw Judge Bland in chambers and asked a continuance until 2 p. m.

At that hour the two attorneys entered the court room together and had a brief conference with Judge Bland at which they informed him of their desire to dismiss the suit.

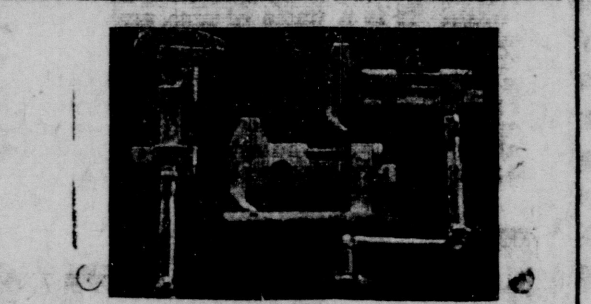

The words, "Proceedings dismissed on motion of the plaintiff and at his cost," were entered on the court minutes. The court costs assessed against the husband were \$10.

The wife was willing to concede to the husband one day a week, but she was not willing to allow the child to take a meal with him. The husband at first insisted on retaining the child throughout the day, keeping him too, at meal time.

## FORTY-EIGHT WITNESSES

In a Will Contest Case Decided by Judge Hoffman.

In the Pettis county circuit court, Tuesday afternoon, the case of David Lewis Stiles to break the will of his mother, Mrs. Stiles, and against Mrs. Jennie Lee Vaughn and other heirs, was decided in favor of the defendants.

The case was brought here on a change of venue from Henry county, and it was the second time it had been before the Pettis county court.

After the plaintiffs had introduced all their evidence, the defendants' attorneys submitted a demurrer to the evidence.

The jury was excused, and, after the motion had been argued by the attorneys, Judge Hoffman sustained the demurrer and upheld the will as made by Mrs. Stiles. The court's decision will probably end the case.

There were forty-eight witnesses sworn and the accrued costs will amount to between \$400 and \$500. There was much interest taken on both sides, and fully a hundred people from Henry, Johnson and Pettis counties attended the trial.

## CONTAGION IN LEAD PENCILS

Skin Diseases Develop in Connecticut Public School.

Waterbury, Conn., Feb. 5.—Thirty-one cases of skin disease in the public school out of a total of fifty-four examinations showed that they were caused by pupils using the lead pencils of others.

The school authorities will abandon the practice of placing the lead pencils in one box, as formerly. The health board will also compel the Connecticut Traction company to clean trolley cars of matter, liable to generate consumption, which is also in sympathy with the present movement to check the white plague.

Man Who Stole Twelve Years Ago Sends Conscience Money.

Bloomington, Ill., Feb. 5.—President Armstrong, of the Toledo, Peoria & Western Railroad company, has received the following letter dated from Deer Park, Wash.:

"Please find enclosed 25 cents, which is to pay for a cap which I took off a small wall lamp in a baggage car of your road. This car was in a train that was wrecked near Blandville, Ill., about twelve years ago. I am now saved and want to make things right with the Lord and my fellow men."

A crude drawing of a lamp, showing the metal cap referred to, served as a postscript.

### Wood's Opera House.

The great Baker, who appears at Wood's opera house all next week, ladies free Monday night, with their popular mysterious exhibition, have established a reputation for their attraction that is second to none in this country. Prof. Baker has made a life-long study of the occult science and suggestion and most of his tests are entirely original with him and show a master mind. Last week the great Baker played three nights at Evans-

pear Sunday night, February 9, at Wood's opera house, has succeeded in getting entirely away from the old methods employed in the construction of plays along this line. The slapstick and horse play, the country man's visit to New York, the poor little girl and the confidence man, those threadbare characters we have all seen so many, many times, have no place in "A Missouri Boy." The average playwright is prone to dig for material in the cemetery of the dead

ville, Ind., to the largest attendance ever known at that theater. Extra chairs were placed in the aisles at every performance. On Saturday night it was estimated that over 100 people were turned away. This speaks volumes for the merit of their exhibition. On Monday at 2:30 o'clock Prof. Baker will produce his famous blindfold carriage drive, mind reading test on the streets. The greatest mind reading test in the world. Watch for it.

The old saw "There is nothing new under the sun," is perhaps a true one. However, the author of "A Missouri Boy," the latest thing in rural musical comedy," which is billed to ap-

### At the Sedalia Theater.

Miss Grace Hayward, well and favorably known to the theater goers of this city, comes to the Sedalia theater on next Sunday afternoon for a seven nights' engagement, opening in one of her greatest successes, "The Missourians." Miss Hayward has played engagements in this city in the past and has always brought with her the largest and best company of supporting artists seen in stock work on the road and invariably her company presents the most interesting line of plays during their engagement. The feature vaudeville acts always carried by the Grace Hayward company are again in evidence this season in the persons of De Vere and De Vere, Welsh and Estes, Silvers and Egan and Will Carroll, new moving pictures and the best of illustrated songs. Nothing is repeated during the engagement in this city and all vaudeville acts will be changed every evening.

## WARM RELIGIOUS FIGHT

AUTHORS OF ANONYMOUS LETTER DARE M. H. LEWIS, OF CLARENCE.

### SERVICES ATTRACTED BIG CROWDS

Cause of Threat, It Is Supposed, Is Excitement Incident to L. J. King's Holiness Meetings in Clarence, Mo.

Clarence, Mo., Feb. 5.—An anonymous letter, threatening possible death to himself and family, has been received by M. H. Lewis, assistant cashier of the Clarence Savings bank, as one result of the trouble over the holiness meetings now being held here by Rev. L. J. King.

The letter states that, unless, Mr. Lewis "changes his views," his house will be dynamited. The King holiness meetings are causing much excitement, as much now as before the preacher was attacked and beaten by a mob as he was leaving the building where he preached one evening some three weeks ago.

It is suspected that the same people who composed the mob were responsible for the anonymous letter to Mr. Lewis, but as there has never been any inkling given as to who were in the mob there is nothing for Mr. Lewis of the city officials to work upon in an effort to locate the author of the letter. Mr. Lewis refuses to turn the letter over to the postal authorities, saying that he prefers to let the matter drop without allowing it to cause any more trouble.

Mr. Lewis is president of the town board and was acting mayor of Clarence when Mayor Dimmitt was in St. Louis recently. During the time Mayor Dimmitt was out of the city, King, who had left Clarence after being mobbed, returned and resumed his meetings. Through the holiness congregation he requested the acting mayor to detail policemen at the Bible seminary, where the meetings are held, and Mr. Lewis did as requested, deputizing special officers for the purpose.

When Mayor Dimmitt returned home he is said to have regarded the expenditure of the city's money for the special guard as unwise, and to have ordered the men relieved from their work. It is supposed that the author of the mysterious letter thinks Mr. Lewis is in sympathy with King, and has taken this means to win him to the opposition. No other reason can be conjectured for the sending of the letter, as Mr. Lewis is not known to have any enemies, and his business and official life are above blame.

King's meetings are attracting large crowds every evening. Sunday afternoon he held a large meeting, and every night the auditorium where he speaks is crowded. He is said to be especially harsh in his criticism of the Catholic and Methodist denominations and his lecture Monday night was on the nuns.

The services are being held in the Bible seminary in the western part of town. The building was formerly the property of the M. E. church, South, and was then known as the Macon district high school, but for several years it was not a success financially and was sold to the holiness congregation. The latter organization opened the Bible seminary and placed Rev. Kimbrough in charge.

Kimbrough was with King when the latter was beaten by the mob several weeks ago, and the fact that the local man was at first mistaken for King gave rise to the theory that the mob was composed of people who do not live in Clarence, else they would have known Kimbrough from King instantly.

### GARTER GIFT BRINGS SCRAP

Student Friend Inquires About Present Made Girl.

Des Moines, Ia., Feb. 5.—A garter with a pretty silk ribbon and an engraved fraternity buckle was at the bottom of a vicious assault by Carl M. Clemens, of Snodgrass, Wash., upon R. H. Dosh, a young Stewart lawyer.

Dosh and Mrs. Clemens were classmates at Simpson college, Indianola, Iowa, fifteen years ago, and one Christmas the boys decided to give their girl friends garters.

Dosh gave one to Mrs. Clemens. This was before Clemens met his present wife. Mrs. Clemens and Dosh have not met for years, neither have they corresponded, but Clemens has brooded over the garter and its fraternity buckle.

Clemens met Dosh at the capital and asked him, "How about that garter?" Nothing that Dosh could say would clear up the matter and so Clemens struck him.

If a cough once gets into your system it acts on every muscle and fibre of the body and makes you ache all over. It especially affects the intestines and makes you constipated, so in order to get rid of a cold thoroughly and without delay you should not take anything that will tend to constipate. Kennedy's Laxative Cough Syrup acts upon the bowels and thereby drives the cold out of the system. It contains no opiates—it is pleasant to take and is highly recommended for children. ## Weak Kidneys

Weak Kidneys, surely point to weak kidney nerves. The kidneys, like the heart, and the stomach, find their weakness, not in the organ itself, but in the nerves that control and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine is cloudy, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month. Tablets or Liquid—and see what it can and will do for you. Druggist recommend and sell.

## HAD A TEN ROUND FIGHT

UNHOLZ HITS DANE ALMOST AT WILL, SCORING A CLEAN KNOCKDOWN.

### THE RESULT WAS NEVER IN DOUBT

Battler Takes Fearful Punishment in Every Session—Peculiar Guard of Opponent Puzzles the Former Champion.

Los Angeles, Feb. 5.—Rudolph Unholz had the better of Battling Nelson in a ten-round club here last night.

Under the city ordinance no decision could be given, but there was no doubt of the result.

The Boer had all of the best of every round in the matter of blows exchanged. He punished Nelson considerably and had him bleeding freely at the nose and mouth almost from the start. He knocked the Battler down in the first round with a lightning left to the point of the jaw.

Unholz seemed to be a puzzle to Nelson. The latter was constantly on the aggressive, but his efforts availed him little.

He led repeatedly, but Unholz, fighting him with his left shoulder held high to protect his head and chin, escaped punishment almost altogether.

## PLUNGER WINS A MILLION

Took the Armour Side of the Wheat Market and Made Good.

New York, Feb. 5.—Brandt Walker is again in the limelight. This time the plunger has made a million in wheat.

For six weeks, it is learned, Mr. Walker had been selling wheat heavily short. He took the Armour side of the market as against James A. Patton, the Chicago plunger, who is a member of the firm of Bartlett, Frazier & Carrington, which is to give up its New York office and stop all trading in stocks and bonds as a result of Patton's activities.

Mr. Walker began selling wheat around \$1.06 a bushel. He first sold 200,000 bushels, and has sold and bought 0 bushels and again sold on the rallies, turning over time and again 500,000 to 1,000,000 bushels, and making his profits so rapidly that it is said on good authority that he has a net profit on his wheat deal of a little more than \$300,000.

Judge Wallace Called on Governor and Others at Jefferson City.

Jefferson City, Feb. 5.—Judge William H. Wallace spent yesterday here, returning to Kansas City at night.

He spent most of the day in the supreme court library. He visited the offices in the building and paid his respects to the judges who were here. In the afternoon he called on Governor Folk at the capitol building.

At the McCarty house last night Judge Wallace declined to discuss his mission except to say that he had nothing new to give out, but he did not deny that he would contest for the democratic nomination for governor.

## BRIDGE WAS DYNAMITED

Third Attempt to Destroy a City Structure in Cleveland.

Cleveland, O., Feb. 5.—All of the false work and a part of the iron work on a city bridge being constructed at the foot of Eagle avenue was wrecked by dynamite yesterday.

In addition to this, much damage was done to factory walls and windows in the immediate vicinity. The bridge was being constructed by non-union men.

This is the fifth attempt that has been made here since January 1 to wreck bridges being constructed by non-union men.

## ALL HOPE IS ABANDONED

Steamship Bluefields Thought to Have Foundered in Storm.

Philadelphia, Feb. 5.—All hope for the steamship Bluefields, which sailed from Jacksonville on January 21 for Philadelphia, has practically been abandoned and the best that is hoped for now is that Captain Higgins and his crew may have been picked up by some foreign bound vessel.

It is feared the vessel foundered on the night of January 23, when one of the greatest storms that has been known for years swept the North Atlantic coast. The Bluefield was laden with lumber and carried a crew of eighteen men.

## A SPEAKER GREW ANGRY

"TO HELL WITH KANSAS CITY, KANSAS," HE SHOUTED AT COLUMBIA.

JUDGE STEWART WAS SULPHUROUS

Irate Because Big Part of Crowd Did Not Want to Hear Him Talk—Fierce Language Is Indulged In.

"To hell with Kansas City, Kansas! It's Columbia we're interested in."

These were the opening words of Judge John A. Stewart last night at the close of the meeting of advocates of high license, in the course of which Vernon T. Rose and Boyle G. Clark, in telling addresses, had showed up the prohibition force in Kansas City, Kas., with its joints, its vacant houses and the all-round rottenness of the system by which it is falsely asserted that Kansas prohibits the sale of liquor, says the Columbia Tribune of Tuesday.

On account of the fact that the meeting was known to be a meeting of the advocates of high license, and that a number of local optionists had gathered in the front of the house and hissed and otherwise interrupted Mr. Rose and Mr. Clark in their speeches, a large portion of the audience got up to leave when Judge Stewart got up to speak. This enraged the judge and he yelled, waving his arms frantically:

"Run! you dirty cowards, run! Cowards! Cowards! Cowards! You won't stay to listen to a man who has spent \$50,000 in building up your city. It's an outrage! A shame not to be treated fairly."

In view of the hissing and frequent interruptions of the speakers for high license and the further fact that during all the meetings of the local optionists no high license advocate had ever interrupted in any way, but had given respectful hearing, the judge's charge of unfairness struck the fair-minded people in the audience as amusing.

Immediately after Judge Stewart had condemned the Kansas town to a sulphurous doom, some equally excited "dry" on one side of the house added:

"To hell with the chief of police of Kansas City, Kansas, too!"

"Columbia will be here when Kansas City, Kansas, is in hell!" rejoined Judge Stewart.

Then pandemonium reigned. The "drys" vehemently demanded a hearing and Judge Stewart swung his arms like the wind mills that Don Quixote fought so valiantly and his clamorings for "fair play" put to shame the sonorous bellowings of the proverbial bull of Bashan.

The "wets" who remained inside were equally as boisterous and the scene that followed for a few seconds was disgraceful and resembled more a city ward political riot than a public meeting in staid and dignified Columbia. Those "wets" who had gotten outside thought from the uproar inside that a fight was in progress and came back to see the fun. Judge Stewart then began speaking, among the cheers of the "drys" and the hoots of the "wets."

He stated that \$3.15 on the \$100 valuation was not much of tax on property like Columbia property and that the debt of \$160,000 for the water works and electric light plant did not amount to much. "I'll give \$200,000 for it," he said, and with a motion toward his vest pocket, added "and I'll pay \$20,000 of it tonight."

The judge then said that \$6 in taxes added to properties worth \$7,000 the deficit in revenue could be paid. He also referred to the loss there would be from the legislature shutting off appropriations and said it would mean more to Columbia than saloon licenses.

Judge Charles J. Walker and Rev. N. A. Hart followed Judge Stewart in speeches strongly advocating the adoption of prohibition.

## JIM CROW ENFORCEMENT

Fort Smith & Western Conductor Begs Early.

Chickasha, Ok., Feb. 5.—To Conductor Harrington, of the Fort Smith & Western, belongs the distinction of being the first to enforce the Oklahoma jim crow law.

On the Choctaw division of the Fort Smith, Saturday morning, as soon as the Oklahoma line was reached, the negroes, as usual, filed into the chair car. Conductor Harrington had a Fort Smith paper containing a story about the jim crow clause having become a law in Oklahoma on February 1.

On the strength of this newspaper letter, which he read to the negroes, he told them that they must go into another car which he gave over entirely for the use of the colored people. They went.

Insane Mother Commits Awful Deed at Monclon, N. B.

Monclon, N. B., Feb. 5.—In an insane frenzy, Mrs. Thomas V. Forcette snatched her 2-year-old child from bed early yesterday, carried it outdoors and dashed its brains out on the icy ground.

Rushing back into the house, she picked up another of her children, but was discovered and restrained before she reached the door.

The woman was at one time an inmate of an insane asylum, but was supposed to have recovered from her mania. Besides the child whom she killed today, she has seven other children.

## HIS COWS GET DRUNK

Farmer's Cattle Go on Spree in Corn Field—Cornstalk Alcoholism.

Kankakee, Ill., Feb. 5.—T. M. Quigley, a farmer living near Pontiac, owns a herd of cattle that go on a spree every time he turns them loose in a corn field.

The cows seem to get drunk after eating the corn stalks, and some of them get so dizzy they are unable to walk. Many cows in the vicinity have died, and their deaths have been attributed to cornstalk alcoholism.

Quigley frequently has to drive drunken cows out of the field and lock them in the barn to sober up.

It is said that the coolness of the nights last summer prevented the sap from drying up in the stalks, and that the absorption of this fermented sap may be the explanation of the cornstalk drunkenness.

## "THE BIG KIND"

# Expansion Bred Sow Sale

## AT HARRIS' BARN

### Sedalia, Mo., Friday, 1 P. M., Feb. 7, '08

### 25 Mature Bred Sows

Weighing from 400 to 600 pounds, yearling and two-year olds, all direct descendants of the great "EXPANSION" bred to such boars as Grand Look 38305, he by the great "Sweepstakes Boar" of 1906-7; Guy's Defender, son of Guy Hadley, 1st prize Kansas City Royal, 1906, and the balance to Peter Mow and Blain bred boars. Also 19 Gilts of the same type and breeding, bred to the same boars. These are the large, roomy, prolific type, the "Farmers' Hog," that fill the pork barrel in the least time with the least feed. These sows are bred for early farrow and are the pick from the Expansion herds for this offering. We especially invite breeders, farmers and stockmen to attend this sale, as we claim there is no "Bigger and Better" than Expansion. The Expansion herds won 61 out of 80 ribbons at the Nebraska State Fair, 1907, and have always been on the top rounds at other state fairs and expositions wherever shown. Sale to begin at 1 p. m. sharp. Terms—Bankable notes or cash. Catalogues on application. Hogs on exhibition on and after Wednesday. Send bids to Ruralist.

#### ENDICOTT, NEBRASKA.

2 young Grand Look-Expansion Herd Header Boars will also be offered sale day.

### HEARING FOR FINANCIERS

A Motion for a Change of Venue to Be Argued.

New York, Feb. 5.—Another phase of the case against John G. Jenkins, Sr., John G. Jenkins, Jr., Frank Jenkins and Frederick Jenkins, the indicted officials of the Williamsburg and Jenkins Trust companies, will come up tomorrow, when a motion for a change of venue will be argued in Mineola.

The change of venue is demanded on the ground that the defendants cannot receive a fair trial in Kings county, owing to the feeling inspired against them because of their connection with the suspension of the institutions of which they were directors.

Conspiracy is the charge on which the defendants were indicted. It is alleged that they conspired to use illegally the funds of the two trust companies.

### FLORIDA'S FAIR OPENS

THE ONLY STATE EXHIBITION THAT IS HELD DURING THE WINTER.

### BEMANY VISITORS FROM THE NORTH

William Jennings Bryan, Governor Joseph W. Folk, Governor Hoke Smith and Others Are to Be There.

Tampa, Fla., Feb. 5.—With great throngs of interested spectators crowding the grounds, the Florida State fair was formally inaugurated today and will remain open throughout the month.

As the only state fair to be held in the United States during the winter, it will be visited by many thousands of tourists who flock to this section to escape the frigid weather of the north and west.

Many prominent men are expected to attend the fair during the month and to deliver addresses, among them William Jennings Bryan, Governor Hoke Smith, of Georgia; Governor Joseph Folk, of Missouri, and others.

Among the novel features at the fair is the famous airship Eagle, which won the prize and diamond medal at a great international contest in Chicago. This airship which will make daily flights in and around Tampa, also made a wonderful record in the recent race from St. Louis to the Atlantic coast, being prevented from winning over foreign balloons by an accident.

The horse racing will be infinitely better than that at former fairs, as evinced by the fact that 300 runners will be brought from New Orleans, the racing center of the south. Tampa has been admitted into membership of the National Racing Association, which is a guarantee that every race will be absolutely "straight," and that the meeting will be conducted in a most up-to-date manner.

One of the finest features of the fair will be the horse show, which will be on a much finer scale than that of last November. Cash premiums will be given in each class shown, and the finest saddle, harness and draught horses in the state will be exhibited.

A feature of the fair which will undoubtedly attract great attention among the agriculturists, horticulturists and fruit growers of the state will be daily lectures to be given by experts from the national department of agriculture at Washington.

Beginning with the inaugural exercises on the grounds today, there will be something done every day at the big fair until the gates close on February 29.

### "AFFINITIES" MAY WED

COUPLE WHO ASTOUNDED SOCIETY IN NEW YORK FEW MONTHS AGO.

### ARE NOW IN CAPITAL OF FRANCE

Wife of the Famous Artist is With the Man Who Deserted Her, and Who, it is Said, is to Get Divorce and Marry Again.

Paris, Feb. 5.—That Ferdinand Pinney Earle and Julia Kuttner, who startled Americans by the announcement of their "affinity" creed last September, will be married shortly in Paris, is a rumor current here.

Mrs. Earle now has an application for a divorce pending in the French courts. As soon as this is granted, Earle and his "spiritual affinity" will be legally married.

It is alleged that the present Mrs. Earle will witness the wedding, and thus give another shock to conventional morality.

Since coming to Paris, the artist, his present wife and his future spouse have been seen much together and have gone off on many trips together, each apparently treating the other with the utmost consideration and showing every evidence of affection in their conduct.

Parisians are immensely interested in the Earle-Kuttner romance, but there have been no such manifestations of hatred and disgust as were vented upon the artist in New York.

There is almost universal praise for the novel attitude of Mrs. Earle in effacing herself in order to insure the happiness of her husband, and there is little blame for Earle or Miss Kuttner.

### A COW HAD THE RABIES

Milk From the Animal Used by Twelve Persons.

Chicago, Feb. 5.—A family of twelve persons arrived in Chicago yesterday to undergo medical treatment designed to prevent hydrophobia. They believe that they have contracted it by drinking milk from a cow which was suffering with the disease, and which was killed one week ago.

The family is that of James Gellatly, of Hamilton county, Neb., and includes, besides Gellatly and his wife, nine children and the mother of Mrs. Gellatly.

The cow was bitten three weeks ago by a dog which was suffering from rabies. A few days later a mule and a horse owned by Gellatly were found to be suffering from hydrophobia and were killed.

The family used the milk for several days before they knew that the cow also had the disease. As soon as Gellatly became aware of the situation, he brought his entire family to Chicago. None of them has as yet disclosed symptoms of hydrophobia, but all are being treated as a matter of precaution.

Say They Are Not Pleased With Conditions in Oklahoma.

Oklmulgee, Okla., Feb. 5.—Disgusted with the treatment accorded them under statehood, the Creek Indians of this vicinity are considering an exodus to Mexico, where the hope is to be allowed to live under the primitive conditions to which they have been accustomed.

A committee of prominent Creeks has been selected to visit Mexico and complete arrangements for the purchase of a million acres of land in the wilder portions of the southern republic.

Many Cherokees and members of other tribes are also looking longingly toward Mexico, and it is likely that within a few years Poor Lo will be almost unknown in Oklahoma.

### Woman's Relief

Cardui, the woman's remedy, has been known for many years as "Woman's Relief," since it has positively proven its great value in the treatment of womanly diseases.

'Twill help you, if you are a sufferer from any of the ills peculiar to women which can be reached by medicine. Why? Because it has done that for many thousands of other sick women, as grateful letters from them, received every day, clearly describe. Because its ingredients are exclusively vegetable, and contain no mineral or poisonous drugs.

For headache, backache, pressing-down pains,

nervousness, irritability, and other symptoms of general female weakness, Cardui has been found quick and safe relief.

Mrs. R. L. Denney, of Huntsville, Ala., writes: "I think Cardui is far ahead of anything for weak women. It does me more good than any medicine I have ever taken. I cannot praise it too highly. I think it is the best woman's medicine on earth." Sold everywhere. Try it.

## BOUND A GIRL TO A POLE

Negro Attacked Emma Schlusfluetgen, but Was Chased Away.

St. Louis, Feb. 4.—While on her way to a drug store on Judiatra street Monday night Miss Emma Schlusfluetgen, 21 years old, was seized by a negro and dragged into an alley. The negro held her face against his shoulder to prevent her from screaming, while he bound her to a telegraph pole with a rope. He then tried to force a gag into her mouth, but she screamed and several white men ran to her aid.

The negro struck the girl in the face and fled down the alley. He escaped. Aside from scratches and a bruised face she was uninjured.

## CHICAGO NEWS LETTER

PUT \$36,000,000.00 INTO POCKETS OF FARMERS FOR HOGS THE PAST MONTH.

## AN ANECDOTE OF BURR ROBBINS

The Retired Circus Owner Who Died in the Lakeside City Last Week —Young Men Should Shun the Large Cities.

Special to the Democrat-Sentinel.

Chicago, Feb. 5.—Thirty-six million dollars has gone into farmers' pockets during the month just ended as a result of the phenomenal shipments of hogs which have poured into Chicago, Kansas City and other points for the past few weeks, because the high prices of corn made feeding unprofitable. It is estimated that 4,000,000 hogs reached primary receiving points in the Mississippi valley in January.

This breaks all previous records, including the last one, which was made in January, 1901. In addition to this another \$4,000,000 worth of porkers were slaughtered on the farms. Taking the country as a whole it is the heaviest run of hogs in trade history. Iowa, South Dakota, Minnesota and Wisconsin have made the heaviest contributions to the movement and the receipts at Milwaukee and St. Paul show enormous gains.

The cattle trade is in a rut at present and prices for sheep and lambs are low. The hog movement, however, proves the soundness of the livestock business in the west and successfully disposes of the theory that the present industrial depression is based on any real depreciation in value of the natural resources of the country.

Significance is seen in the recent Baltimore speech of Chairman Burton, of the house committee on rivers and harbors, in which he called attention to the national need of more inland waterways and added:

"But before the highest development of transportation can be reached it is essential that there be a new order of things in the relation between the waterways and the railways, under which there shall no longer be a destructive policy of competition, but rather a constructive policy of co-operation. The power of the federal agencies of transportation, the federal government should be exercised to secure the harmonious action of different agencies of transportation for the general benefit of all."

It is not many months since Chairman Burton was very chary of giving public encouragement to advocates of the Lakes-to-the-Gulf project or any other for which large federal appropriation would be needed. He has gone on record now thus:

"After the elimination of many projects which appear visionary or extravagant, there is room for a wise and helpful expenditure of largely increased amounts upon the waterways of the country."

Moreover Mr. Burton is from Cleveland, the headquarters of the Lake Carriers association whose recently expressed opposition to the Lakes-to-the-Gulf project is based on ostensible fear that the level of the Great Lakes will be lowered by the flow of such a waterway.

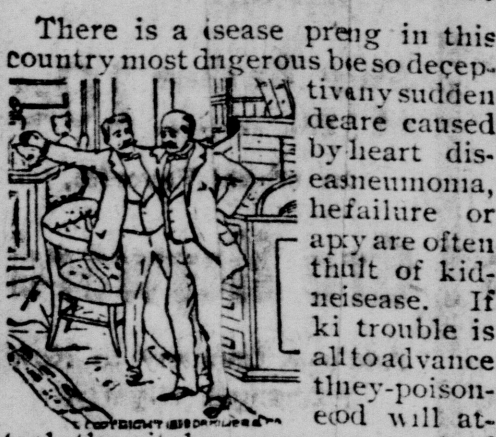

Congressman Lorimer has pointed out that the waterway necessarily will be a slack water canal, and that when completed it would not require even the 10,000 cubic feet a minute to which the Chicago drainage canal is entitled.

Some progress was made during the week in Illinois by those attempting to carry out the state's waterway plan, that of creating waterpower revenues which shall pay the proposed \$20,000,000 issue of state bonds with which the link from Lockport to the Mississippi river is to be constructed.

So fierce was the \$1,500,000 fire which destroyed the Peats, Colby and Keith buildings last week that the one structure supposed to be fireproof was gutted by the flames as though built in the old way, of wood and plaster. Windows forty feet distant from one building were cracked, although insurance men had said that nothing less than a blow pipe blaze could damage them.

At one time 900 firemen were working in a freezing wind, and their success is shown in the saving of build-

fire escape, wearing one of the most gorgeous hats any woman ever saw and was welcomed with a roar of laughter. Groping in the smoke and dark, he had seized this out of the millinery stock to replace the helmet, which had been lost.

"To succeed, shun the big city," was the counsel that reverses the prevalent ideas of the ambitious young man given by Samuel Alschuler, of this city, among reasons why cities as big as Chicago should discourage the influx of people. Not one in 10,000 who seek fortune and favor in a great hive of people realize their hopes.

"Instead of flocking to cities, young men ought to take up farming or trades," he said. Those vocations should absorb just as keen men as the professions, and the professions are overcrowded. There are 6,000 lawyers in Chicago and a tenth of that number would be enough.

"Here in this city of over 2,000,000 people most of us are not producers of wealth; we are packed in to a limited area like so many ants. To further crowd this area means to diminish the possibilities of all the rest making a living. This means that misery will result for the many."

"It is wonderful how the city draws young people to it—and more wonderful how they live after they get here. The nation of the small cities is the better off, but the rural population persists in flocking to urban life. The aim of industrial education, which has taken a new impetus throughout the country, is to raise the trades in popular estimation."

Hypnotism as an aid to good marks in school has been tried by two Chicago pupils and found a flat failure. It didn't work. They studied a book on "mesmeric influence," and when they had the formula down at one of the boys secretly commanded his teacher: "Arise and mark me 100."

The teacher arose, but she was going to do it anyway. He tried it again when he had caught the teacher's eye, according to instructions, but she didn't respond, at least not as expected.

His mate in another room had even worse luck, for his deportment record suffered. They had been promised a prize by their parents if their standing was high, but if they win it, they found they would have to study something besides hypnotism.

"Twenty-five years ago the highest price paid for the best retail property on State street was about \$2,000 a front foot, and this property has now advanced 600 to 700 per cent in value," declared F. F. Getchel, president of the Chicago real estate board, recently. "In the wholesale district property has advanced 300 to 400 per cent in the same time," he added.

Upon solution of the Illinois problem the entire project now hangs. The waterway advocates at Springfield may propose a compromise plan in order to avoid the imminent litigation with the private water company interests. Litigation which necessarily would be protracted for several years.

It has been assumed, perhaps erroneously, that the Economy Light and Power Co., owner of the dam and riparian rights, would demand several million dollars to surrender its rights, but inquiry is now being made to see if this be true or a compromise satisfactory to both sides and antagonistic to the lakes-to-the-gulf project can not be made.

The officers of the Economy company have repeatedly stated their friendliness to the waterway and have provided for a lock in the dam acceptable to the war department and army engineers, who have said the dam would save \$422,000 in the construction of the waterway channel.

In the obituary anecdotes of Col. Burr Robbins, of Chicago, whose circus posters and tamed hyenas and things can be vividly recalled by thousands of older people in every state in the Union, the most characteristic one is this:

It was the pleasant stunt of his lion tamer to ride in the cage with an assortment of "man eating king of beasts, captured in the heart of Africa," to quote old circus bills. One day Mr. Lion Tamer emphatically declared that his day was too low for the chances he took, so he struck. The parade was about to start.

"You—, you can't bulldoze Burr Robbins," roared the circus owner, who won a colonelcy in the civil war for bravery. "Why, I don't need you, anyway; here's where I'll save money; I'll ride in there myself."

Whereupon, he jumped into the cage with no weapon but a whip, and rode there throughout the parade. This tamed the tamer and all the other circus men.

Robbins died last week, a wealthy

man, reputed to have farms in half a dozen states, and a magnificent collection of Chicago real estate, banks and real oil wells.

He started life by running away when his parents sent him to college and he drew \$15 a month at first, from Spaulding & Rogers' circus, caring for the tights of Charlie Fish, a bareback daredevil, whom he later hired at \$250 a week. Perseverance, economy and defiance, even of lions, did it.

When the visitors to Chicago were able this week to ride from the stock yards to Lincoln park, and from the site of the old Bull's Head tavern to Jackson park, where the Columbian exposition buildings stood, all for one fare, 5 cents, they realized that Chicago's street car tangle was unraveled.

Now that the problem has been solved of satisfying the holders of stocks or bonds of half a dozen different companies, each with the ingenious assortment of securities that Charles T. Yerkes created with ample profits to himself, the prospects of good street cars, rails and power seem very immediate.

The tasks of the swarm of lawyers engaged upon the matter would have been ended long ago except for the necessity of getting for the new Chicago Railway company an unimpaired title to the various properties of the Chicago Traction Co. and its underlying, leased or allied companies. Now the bonds which will be issued for rehabilitation will be under a first mortgage upon all the network of north and west side car lines.

At first about \$12,000,000 will be expended, and arrangements for this sum have been made with the National City Bank of New York City and the Harris Trust and Savings Bank of Chicago. Then the names of "West Chicago Street Railway."

## RUMBLINGS OF THE RAIL

THE IDLE EQUIPMENT HAS ALREADY COST NEARLY ONE BILLION.

### COACH, CAB AND CABOOSE ITEMS

Matters of Interest Picked Up From Various Sources for the Benefit of Democrat-Sentinel Readers.

When the car efficiency committee of the American Railway association meets tomorrow to prepare a report for the special meeting of the association to be held on Thursday the members will be told by Chairman Hale that there are 375,000 freight cars standing idle on side tracks throughout the country, says a Chicago dispatch of the 4th.

In connection with this statement the committee will be given a report which shows that up to January 22 last the number of idle cars aggregated 339,053. In the report Mr. Hale declares that "the history of the recent and present business depression may be read in the comparative figures given in the report." By way of contrast it is stated that on February 6, 1907, the railroads reported a shortage of cars aggregating 104,226 cars. Late as October 30 this shortage was fully 90,000 cars.

It is stated that for every thirty freight cars which have become idle an engine has been put in the shops, which would mean that fully 12,000 locomotives are without loads to haul. It is estimated by members of the car service committee that between \$760,000,000 and \$1,600,000,000 worth of equipment is idle at this time in the country.

#### Suit Against the Katy.

Truman P. Young, assistant United States district attorney, yesterday filed suit in the United States district court in St. Louis against the Missouri, Kansas and Texas railway, to recover a penalty for alleged violation of the safety appliance section of the interstate commerce act, in operating a car between St. Louis and Erie, Kas. The car, it is alleged, was not equipped with automatic couplers.

#### Supt. Bullard Some Better.

Information from S. K. Bullard, superintendent of telegraph for the Katy, is that he is improving slowly. In a letter to a clerk in his office, Mr. Bullard said he had left the sanitarium and is now sojourning on a ranch near Redlands, Cal., feeling some better.

#### Back From Pacific Coast.

Charles T. Gorrell arrived last evening from Los Angeles, Cal., where he has been firing an engine, and expects to remain. His wife and two children stopped for a visit with friends in Kansas, and will arrive later.

#### Three Sections of No. 5.

Katy train No. 5 was run in three sections this morning on account of homesickness rates. The three sections consisted of twenty-seven cars and arrived here as follows: 3:17 a. m., 3:49 a. m. and 5:25 a. m.

#### Sold Cottage for \$1,500.

D. C. Walker, a Katy brakeman, yesterday sold his modern five-room cottage, at 420 East Tenth street, to Mrs. Lydia Phelan, widow of Will Phelan, a former Katy conductor. The price paid was \$1,500.

#### Will Hold Old Position.

C. G. Rogers, who has been traveling freight agent under J. W. Conner, who resigned, will continue to hold the same position under the new agent, L. W. Mosher.

#### Hospital Arrivals.

Following are new arrivals at the Katy hospital:  
H. P. Morehead, conductor, Denison, Texas.  
R. Jordan, coal heaver, Hillsboro, Texas.  
S. M. Rorex, agent, Patterson, Okla.  
J. H. Nash, brakeman, Denison, Texas.

#### Automatic Couplers.

James Egan, a Katy switchman, is laying off.  
John Bond is getting along satisfactorily at the company hospital.  
H. Sherman, a Katy car repairer, is laying off, suffering from toothache.  
J. M. Chandler, Missouri Pacific roadmaster, went to Little Blue this morning.  
The Katy pilot driver, in charge of Conductor Monroe, went north this morning.

## JACKSON FOR DELEGATE

HE WAS ENDORSED BY THE REPUBLICANS OF BENTON COUNTY.

### CONVENTION WAS HELD AT WARSAW

Delegates Chosen to the State and National Conventions—Resolutions Endorsing Taft, Hadley and Others.

Warsaw, Mo., Feb. 5.—The Benton county republican convention met here yesterday afternoon and selected delegates to the state convention at St. Louis and the Seventh district congressional convention at Sedalia, Mo. The meeting was strong for William H. Taft for president.

The delegates to the state convention are: P. R. Schnable, M. D. Moore, W. B. Gallagher, Jonathan Autrieth, C. E. Puthuff, W. E. Benz and F. G. Muller.

Delegates to the congressional convention are: W. E. Benz, Jonathan Autrieth, G. S. Kiefer, C. E. Puthuff, J. W. Stanton, C. June and H. C. Fox.

The following resolutions were adopted:

The republicans of Benton county, in convention assembled, hereby unqualifiedly approve and endorse the administration of President Theodore Roosevelt and, believing that his policies should be carried forward to ultimate and complete fulfillment, we most heartily indorse the candidacy of William H. Taft for president, believing that, among all the presidential aspirants now in the field, that Mr. Taft is more heartily in sympathy with the said policies than any other candidate up to the present time who has publicly announced himself unqualifiedly in favor thereof.

Be it resolved, also, That this convention indorse Herbert S. Hadley for governor.

Be it resolved that this convention indorse the candidacy of W. S. Jackson as district delegate to the national convention and we instruct our delegates to vote and work for him.

We indorse the candidacy of N. T. Gentry for attorney general.

We indorse the course of Hon. John E. Swanger, secretary of state; J. M. Gmelich, state treasurer, and W. W. Wilder, auditor, and that they be continued in office.

W. S. Jackson addressed the meeting and declared that he was for Taft for president.

## FEARS ANARCHY EITHER WAY

Agrees With Cleveland Man's Interpretation of Message.

Cleveland, Ohio, Feb. 5.—In reply to a letter written by Thomas P. Ballard, of this city, to President Roosevelt, congratulating him upon his recent message to congress, the president wrote as follows:

"I thank you for your letter of the 1st. You have expressed my thoughts better than I did, for, as you say, what we have to strive to do is to save the country, on the one hand, from the anarchy which follows greed and graft, and, on the other hand, from the anarchy which follows want and hate."

## SINGS AND AVERTS PANIC

Woman Evangelist Calms Audience While Flames Crackle.

Detroit, Mich., Feb. 5.—Choking with smoke from a fire that crackled in the rafters directly in front of and above her in the Kercheval Methodist Episcopal church Monday night, Miss Eva Ludgate, a young woman evangelist from Chicago, sang through the lines of "Glory for Me," while her audience fled out to safety. Her calmness averted a panic.

Harrisburg, Pa., Feb. 5.—All doubts as to the attitude of Architect Joseph M. Huston toward his co-defendants in the capitol conspiracy trial were dispelled today by the testimony of his assistant, Stanford B. Lewis, who gave damaging evidence against the defendants.

Lewis gave testimony which showed that while the original form of certificates used by Huston were the same as those used by all architects, the form was so changed by direc-

## LITTLETON QUITS CASE

SAID THAT HE WILL NO LONGER BE ATTORNEY FOR HARRY K. THAW.

HAD A CONFERENCE LAST NIGHT

The Slayer insists That Steps Be Taken to Get Him From the Asylum, but Mr. Littleton Advised Delay.

New York, Feb. 5.—A conference of counsel for Harry Thaw was held here last night to discuss what legal means should be taken to obtain Thaw's removal from the Matteawan asylum.

The result of the conference was not disclosed, but it was said on good authority that Martin W. Littleton, who defended Thaw in the last trial, has practically retired from the case.

It had been said that Littleton would quit the case as soon as the jury reported. It is known that Mr. Littleton believes that Thaw should be left in the asylum at least for several months.

## Thaw Wants His Liberty.

Fishkill Landing, N. Y., Feb. 5.—Harry Thaw is determined to leave Matteawan state hospital. At a conference yesterday he informed his counsel that he must take action at once to secure his release.

Thaw told Penbody and O'Reilly that he was willing to go to a private sanitarium if necessary, but he must be removed from Matteawan. Thaw exercised for half an hour today with the temperature only a few degrees above zero.

## CAPTAIN GAVE HIS LIFE

THE STEAMER ASHFIELD'S MASTER DRINKS ACID AND BURIED AT SEA.

## FIRST MATE'S RULE WAS DEFIED

Men Say Starvation Threatened—Second Officer Lands Ship—Even Then There Was Dissatisfaction.

Mobile, Ala., Feb. 5.—Capt. Smith, master of the British steamer Ashfield, clearing this port December 19 last for Nipa, Cuba, committed suicide by drinking poison in his stateroom following a mutiny of the crew while on the high seas.

The first mate took charge of the vessel and landed her at Manzanillo on January 2, at which port the second mate was called to the command by the mutinous crew, landing his vessel at Cienfuegos January 5, from which point one of the sailors mailed the letter to this port that arrived yesterday with the meager details.

The writer of the letter said that trouble broke out on the ship shortly after she had left Mobile, and that the crew was on the verge of starvation when they mutinied.

Immediately following the suicide of the captain, the crew became quiet

until the body was buried at sea, after which the mutiny broke out afresh, ending with the first mate in charge.

Even then dissatisfaction ensued and continued until the second mate assumed command of the vessel.

It is intimated that Capt. Smith committed suicide in order to untangle himself from the troubles that had broken out on board the vessel.

## 1908 GARDEN ANNUAL

Archias Seed Store's 1908 Publication Surpasses All Previous Ones.

The 1908 garden annual of Archias' seed store is just off the press and is ready for distribution. Every year this enterprising firm issues a catalogue, showing the many quotations and new things in agriculture, horticulture, and, in fact, everything for the farmer, poultryman and beekeeper. It requires months to get the book completed and printed, but when it is issued it is eagerly sought for, and the mails carry stacks of applications to the firm for one.

This year's catalogue contains 54 pages, with a rich cover design printed in colors. It is lavishly illustrated and conveys new information, new ideas, that have been brought to the attention of agriculturists and horticulturists within the past year, and bespeaks for the Archias seed store in keeping abreast with the times. No catalogue ever issued by this firm equals the one just published in appearance and general arrangement, and Mr. L. H. Archias, who compiled it and superintended the work of getting it out, is deserving of the many compliments he is receiving. Copies of the catalogue can be secured on application.
